EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Hilton on August 26, 2004.

The application has been amended as follows:

Cancel claims 9-12, 14 and 15.

The following is an examiner's statement of reasons for allowance: The prior art fails to disclose or suggest all of the limitations of claim 1 including, "a wire locking mechanism associated with a spacer configured to hold the guide wire a predetermined distance from the tissue as the medical device is driven distally away from the wire locking mechanism." The prior art fails to disclose or suggest all of the limitations of claim 16 including, "maintaining the point on the guide wire at the fixed distance from the biological tissue while applying the force."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
